

Maximizing Success through Partnership

At Discovery Education, we are committed to supporting schools and districts in your adoption and use of our award-winning digital learning solutions. We'll partner with you every step of the way with a variety of tools and resources designed to engage, inspire, and save time.

Get Started

Dedicated support to quickly provide single sign-on access to students and teachers

Comprehensive resources to launch and support DE in their school and district

School and district dashboards for adoption and usage metrics

Engaging communications to support educators in navigating DE

Grow Leaders

- Equip all stakeholders with intuitive, step-by-step guides to maximize their use of DE.
- Use our ready-made toolkits to prepare and host your own professional learning sessions.
- Access free, interactive learning courses that help educators effectively use digital resources and increase student engagement.
- Explore synchronous and asynchronous professional learning opportunities.
- Find ready-to-share communications for newsletters, social media, and more to regularly update educators with the most timely, relevant, and engaging instructional content.

Go Beyond

Join the Discovery Educator Network (DEN) Community to connect, learn, and share with educators everywhere.

Take advantage of free in-person and virtual events just for educators and leaders.

Participate in special opportunities for educators, like DEN Workshop, DEN STARs, and thought leadership events.
